- Unsurpassed quality
- 29-gauge Galvalume Plus®
- 29-gauge Painted with Siliconized Polyester Paint System

Storage & Handling of Bundles

NOTICE: THE BUNDLE MUST BE INSPECTED AND CARRIER ADVISED IMMEDIATELY IF DAMAGE IS NOTED. IF WATER IS PERMITTED TO ENTER THE BUNDLE, IT IS NECESSARY TO OPEN BUNDLE, SEPARATE MATERIAL AND DRY ALL SURFACES.

PROTECT SHEETS WHILE NESTLED IN BUNDLES:

1. Store bundled sheets off the ground sufficiently high to allow air circulation beneath bundle and to prevent rising water from entering the bundle. Slightly elevate one end of the bundle.
2. Prevent rain from entering bundle by covering with a tarpaulin, making provision for air circulation between draped edges of tarpaulin and the ground.
3. Prolonged storage of sheets in a bundle is not recommended. If conditions do not permit immediate erection, extra care should be taken to protect sheets from white rust or water marks.
